

As a Farmer

At est, we hope to achieve a system of happiness for everyone involved in meat production, distribution, and consumption. We're talking about **FREEDOM** from Big Meat, **PROFIT** for Farmers—running their farms the way they want to! With the Get Started Farming Kit, a new or seasoned farm(er) can certify their land, process, and livestock. It starts with a down-payment of \$2500 and \$500 a year. While it may seem like a subscription to Big Meat, we promise that this contract-free certification welcomes you as a **PARTNER**, not as a puppet or cog in the system.

You've got a friend in us!

As a Business Owner

We'd like to take you to a situation that some business owners have shared with us. Every once in a while, they'll hear from a representative pushing their product to them. We're not here to do that. We're here to give you the options of **healthier, safer** meats that bring happiness all around. Happiness that will welcome customers to your business and create an environment, a **community** centered around what's **healthy and happy**. There isn't a fee to welcome est certified products in your doors, but we suggest you participate in our members savings program and reach out to us for certified farms & suppliers to **get this journey started!**

As a Member

Welcome! To what? A **community** promoting the **happiness** of its **individuals** and for the good of the whole. Anyone is welcome to enjoy est certified products, but as a member you'll get **specials** toward certified products and **invitations** to attend and even present at our conferences. Vote at our conference, or absentee, and **choose our leadership**. Or run for office nationally or as a regulator, inspector, or event coordinator.

Membership starts at \$5/month and we can't wait to see us working together to put **an end to profit focus and a start to happiness attention! To us!**

HERE'S TO YOU!
